Tuscany

In the perfect shade of white, Luxe Linens Stonewashed Tuscany creates the perfect backdrop for pops of blue and colorful center pieces.

French Velvet

Our plush velvet comes in three shades of blue, this being our Baby Blue.

SIMPLICITY & SPLENDOR

Simplicity is one of the hardest things to achieve, and it becomes even more challenging when it must exude splendor. Kate Wright from XO Kate Events is an absolute expert in this art. She ensures that every element in her events is of the highest quality, creating a simple yet splendid experience.

At Luxe Linen, our two most popular fabrics are Tuscany Linen and French Velvet. Over the past 17 years, we have learned a thing or a thousand about choosing and caring for fabric. Those lessons are on display in the simplest yet most luxurious fabrics—our Tuscany Linen and French Velvet.

SKYLINE

Picture a sun-drenched afternoon by the sea, where the tables are dressed in linens as blue and serene as the California sky.

The Portofino-inspired design brings a touch of Mediterranean elegance, with soft, flowing fabrics that capture the essence of coastal living.

The sky's endless blue was woven into the event, with the linens tying heaven to earth in a delicate embrace.

Natalie Good, from A Good Affair in Orange County CA, understood the assignment, perfectly.

Using our Sky Blue Tuscany and Azure Velvet linen, she gave her clients the dreamy, sky-blue event of their dreams. The linens, perfectly matched to the azure heavens, create a seamless connection between the earth and the sky.

BLUE ON BLUE

TONAL COLOR

As a veteran planner, Christina from La Beau Events in Jacksonville, FL, knows a thing or two about color-on-color design. By opting for a tonal sky blue, she boldly matches it with a mix of other tonal blue elements, such as plates, glasses, and additional solid blue table linens.

Balancing all that blue, she adds touches of warm gold in her silverware, the flowers and in our Sunglow Tuscany Napkin.

TEXTURE

TEXTURE IN FABRIC ADDS DEPTH, ELEVATING THE SENSE OF FORMALITY AND SOPHISTICATION. IT TRANSFORMS THE ORDINARY INTO SOMETHING TRULY MEMORABLE.

Navy Monroe

1950's glamour captured in navy blue sophistication—soft, sleek, with a must-touch texture. This table linen evokes the essence of classic elegance, bringing a touch of timeless style to any setting.

Denim Neiman

This Damask velvet is a classic fabric that brings Bridgerton-style romance to life. The denim blue velvet, with its soft hand, exudes a luxurious and timeless elegance, perfect for creating a romantic, period-inspired ambiance.

**Tiffany Gold
Hibiscus**

The most glamorous modern floral print, in cheerful Tiffany blue and gold. Featuring large-scale, clean lines with a rare and exquisite repeat, this fabric is a true statement piece.

Cobalt Porcelain

Cobalt Blue Porcelain table linen is a true classic, featuring a rich, smoky blue hue with delicate hints of gold woven into a pattern reminiscent of the intricate Valencia tiles. This elegant design brings a touch of Old World charm to any setting and the golden accents add a subtle touch of luxury. Perfect for events that seek to blend tradition with a modern twist, this linen creates an ambiance of refined elegance, capturing the essence of Mediterranean artistry.

FLOREAL

Ashley Hamilton Skutka from Hamilton Events transformed a pink and blue themed wedding into an elegant and sophisticated affair.

By incorporating a print with a larger repeat, she created a captivating event design. Using smaller touches of the same pattern in table runners, she masterfully repeated the motif without distracting from the focal point of the cake table.

Balance and scale in design is everything.

The strategic placement of these elements tied the entire look together, adding depth and harmony to the decor. Her attention to detail ensured that every aspect of the design was cohesive, creating a memorable and visually stunning celebration.

GEYSER MANADO

Elements of tables that wow

● Movement

Floral prints add an element of movement to a room, infusing it with energy and life. This sense of movement is the difference between a space that feels stale and one that is vibrant and dynamic. The blue swirls of flowers create a flowing, lively atmosphere that breathes fresh air into any event.

● Color Theory

What makes colors sing? Contrast. Choosing a bright red floral brings out all the tonal beauty in this table linen. If red flowers could possibly be made more beautiful, pair them with blue to elevate their vibrancy and allure.

● Contrast

One thing interesting design often has in common is a mix of different styles. This table blends classic Italian prints and rustic woven fabric with sleek, modern plates and silverware. The contrast between the flowing floral print and the geometric plates and cutlery creates a dynamic tension between classic and modern elements. This interplay of styles adds energy and visual interest to the event, making the design truly captivating.

Smokey Blue Vineland

Bright blue floral
print.

Swaying vines add a pop of color and movement to tables, bringing a lively energy to any setting. Perfect for corporate events, parties, or weddings, Vineland is a stunning block print on a heavyweight cotton blend linen that combines durability with elegance. Its vibrant design ensures a memorable backdrop that enhances the overall ambiance of your event, making it both eye-catching and sophisticated.

BLOCK PRINT

INDIGO

Indigo dye has long been a symbol of devotion, wisdom, and justice. Our Italia collection is composed of block prints, ranging from classic to playful, all beautifully showcasing the depth and richness of indigo. This table, designed by Hilary Hamer at the Jonathan Club, showcases the Italia collection's indigo hues, blending sophistication and playfulness in a seamless and elegant display.

MIX AND MATCH

MIX AND MATCH BLOCK PRINTS FROM OUR ITALIA COLLECTION ALLOW FOR A DESIGNER-LOOKING EVENT WITH EFFORTLESS EASE. THE VERSATILE PATTERNS MAKE IT SIMPLE TO CREATE A COHESIVE AND STYLISH ATMOSPHERE THAT FEELS BOTH CURATED AND INVITING.

Simla Spot

Nothing says fun like spots. Indigo Simla Spots is a playful, animal-like print in multiple shades of blue. This linen is available in various sizes and napkins, allowing you to infuse as much fun into your event as you'd like. Its vibrant pattern adds a whimsical touch, making it perfect for creating a lively and memorable atmosphere.

Passages

Passages offers a linear stripe design that seamlessly blends four distinct patterns—geometric, floral, and linear. This Italian print linen in deep blues has it all, bringing together a rich mix of textures and styles for a truly dynamic and captivating look. Perfect for adding a touch of Mediterranean elegance to any event, it's as versatile as it is striking.

Meera

If Simla Spot is fun, then Meera is whimsical sister. This block print features a delicate tear drop intertwined with floral motifs, creating a design that feels both playful and elegant. Together, they form a harmonious blend that's perfect for adding a whimsical, yet refined, touch to any event.
